REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

1. The prior art does not disclose an exercise device that comprises a base that includes a shaft extended therefrom, a foot support disposed on the base, a handle having a lower portion rotatably attached to the base, a pulley secured to the lower portion of the handle to rotate with said handle and a seat rotatably supported on the pulley to rotatably support a user.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Chuang '336, '337 and '143 each disclose a similar rotating exercise device that includes a base having a shaft, foot supports, a handle with a lower portion attached to the base and a pulley secured to the lower portion, but not a seat that is rotatably supported on the pulley to support a user.

Chen '552, Simjian '180, Gilman '690, Lin '562 and Kuo et al. '961 disclose a similar rotating exercise device but not a seat that is rotatably supported on the pulley to support a user.

Yang '699 discloses a similar exercise device but no pulley and cable mechanism to connect the rotational movement of the handles to the seat and foot supports.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tam Nguyen whose telephone number is 571-272-4979. The examiner can normally be reached on M-F, 9-5.
